SCHOOL BIOGRAPHY

Background. Kigumba Centre Primary School, was started in February 1995, under the careful leadership of its Executive Proprietor, Ps. / Ms. Birungi Aisa.

It is a Christian Founded institution that embraces a cross section of religious backgrounds. This was in response to the outcry of the Kigumba community for a descendent and wholistic Early Childhood and primary education.

The school's enrolment was 100 pupils, occupying classes starting from Baby class, Middle class, Top class, Primary one, two & three.

Staff enrolment, was 6 members of staff. There were shared responsibilities within these members of staff because of lack of operational resources and experienced/qualified man power.

These existing members of staff were then joined by the Visionary Advisory Committee that was chaired by Mr.

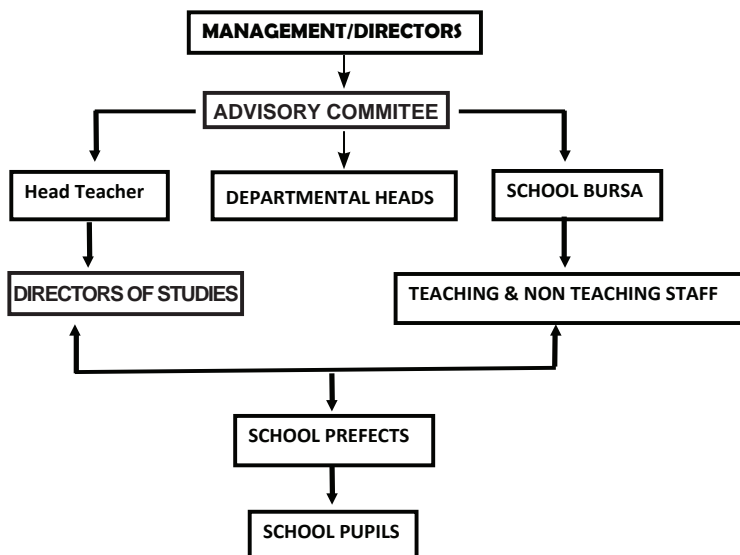

Kyaligonza Samuel Araali, who has worked closely with his 7 member committee to date.

Today, the institution boasts of serving an enrolment of over 900 pupils, with a competent team of qualified teaching and non-teaching staff. The school is carefully divided into 2 (two) sections; Lower section (Nursery section – P.3) and the Upper section P.4 – P.7, to cater for all the needs of the respective age groups. We wish to thank our ever faithful partners in service, parents and the entire kigumba and kiryandongo communities.

SCHOOL ADMINISTRATION STRUCTURE

The Director with some of her school's international friends(Head teacher of Hillcrest school) in Bristol, UK.

MEMBERS OF THE ADVISORY COMMITTEE.

- A) MR. KYALIGONZA S. ARAALI - CHAIRMAN.
- B) MS. TUHAISE SARAH - VICE CHAIRMAN.
- C) MS. TINO ROSE - H. TEACHER/ SECRETARY.
- D) MS. ABER BETTY - TEACHER'S REPRESENTATIVE.
- E) MS. BIRUNGI AISA - SCH. EXECUTIVE DIRECTOR.
- F) MR. KAYINDA HERBERT - ASSISTANT DIRECTOR.
- G) MS. KUNIHIRA TEOPISTA - MEMBER.
- H) MR. OKOYO JIMMY - MEMBER.
- I) MR. ISINGOMA JASON - MEMBER.
- J) MS. SPETIUM BAITERA - MEMBER.

With all these working structures in management and ofcourse under the careful management of its proprietor and team, a lot has been realised.

The love for serving the nation without holding back has introduced the management of the school to enjoy so much exposure, in and around the country.

MISSION STATEMENT.
To provide Quality Education as an

Investment for a steady development.

VISION:
To produce a wholistic, Competent, Impactful, and Self-sustaining citizen.

OBJECTIVES:
a> To sensitize the community on values of Education.

b> To bring awareness to these young ones by helping them visualise their potentials/ abilities.

AIMS:

a> Making them confident citizens ready to face challenges.

b> Impact on their societies for a better change.

A WORD FROM THE EXECUTIVE DIRECTOR

I take this precious opportunity to convey heavenly greetings to all our readers. I welcome you to the very first publication of **Kigumba Educational Centre Ltd**, a company that manages **Kigumba Centre Primary School**.

This publication has been passionately and carefully put together by our editorial team and is purposely made for your reading pleasure as you appreciate the 20 year journey you began with us in 1995 to date.

Words and pleasantries cannot even start to show our deepest appreciation to you, our faithful partners for making **Kigumba Centre Primary School** a brand name in Uganda, Kenya, Congo, Rwanda and Sudan.

This Magazine comes in a timely manner to grant you unlimited access to knowing **Our Story So Far. Knowledge Is Power.**

MS BIRUNGI AISA ATWOOKI.
Executive Director.

A WORD FROM THE ASST. EXECUTIVE DIRECTOR

20 YEARS of excellence as an educator, WHAT!!! Appreciation goes to the editorial team that managed to tactfully craft the story into pictorial form. Secondly, to our ever faithful parents and guardians who have stuck with us all this time. We bless the lord for you. This publication is a dedication to you. Finally to all the OBs and OGs it's you who made us come this far. Its because of you that we celebrate to day. Our sworn commitment to serve this great nation and its neighbourhood grows stronger each year.

Let the celebration begin...!!!

ALLOTMENT IS FRUITFUL VENTURE FOR PUPIL

A BRISTOL Primary School has won a top gardening for part of its work with a school in Uganda.

Bristol City Council awarded Hillcrest Primary School in totterdown the best school plot prize for its pupils' series of mini allotments.

The school has converted a derelict piece of adjoining land to give each of the 14 classes their own allotment on which they can grow food.

The development was part of a link project with schools in Uganda – Growing Stronger, Growing Together.

A special presentation ceremony was attended by two staffs of Kigumba Primary School in Uganda the project was a community effort with several local organizations donating materials. Head teacher Norma Watson said “children and staffs worked together on the plots with the horticultural advice provided by another parent.

“children have loved the experience of producing and eating the food for school dinners as well as in the classroom. All of them agree the food they have grown taste delicious.

“Because we produce so much food, we sold some of our fruits and vegetables to parents at the end of the school day at the totterdown town square market at weekends.

“we are using the money raised to buy seeds for next year”.

A WORD FROM THE HEAD TEACHER

All of which prepared me for the challenges of leading a school. I therefore refer to her as a resource because of her vast experience and visionary ideas.

To all my colleagues at Kigumba centre primary school, we have to create a big space in

our hearts for all the pupils entrusted to our care.

We have to commit ourselves to making them better in performance and discipline

and every year, we promise to be doing better.

Lastly we are really blessed to have our parents/guardians and wellwishers as we celebrate our 20 years of existence.

You are most welcome and we wish you a nice stay with us.

**FOR GOD AND MY
COUNTRY
BY THE HEAD
TEACHER**

“

Our dear parents thank you for

the great support you have given to this institution not forgetting our dear lovely pupils who are really working tirelessly and hard to see that the performance in academics is maintained to its heights.

”

I would like to thank God who has guided and kept this mighty institution, the founding body under the guidance of the directors, advisory committee, all the resulted oriented team of teachers and staff of dedicated men and women.

Special thanks go to our parents/guardians for choosing our school this trust cannot be ignored.

I still wish to thank the teaching and non-teaching staff of Kigumba centre primary school for their tireless efforts to make this institution what it is today.

Our dear directors, Deputy head teacher, administration, and the directors of studies,

teachers, all watchmen and matrons. I can only say may the Lord reward you abundantly. Our dear parents thank you for the great support you have given to this institution not forgetting our dear lovely pupils who are really working tirelessly and hard to see that the performance in academics is maintained to its heights.

I specifically appreciate the directors for initiating a school which has given jobs to so many people that work in it now.

I have been privileged to work closely with you and I can proudly refer to you as my mentors. I am particularly grateful to the director Madam BirungiAisa who provided me with various responsibilities while in this school.

A WORD FROM THE DEPUTY HEAD TEACHER

“ Education is the best gift a parent can give to the child ”

I am delighted and proud for the great support given to this institution by our dear parents not forgetting our dear lovely pupils who have really persevered and worked tirelessly and sleeplessly to see our Kigumba centre primary school grow in heights. It is 20 years of abundant harvest, many could not believe that this school would be a dream school, a giant academic destination of this country. The school is taking a great shape in discipline, academics and physical development. I would like to thank God who has guided and kept this mighty institution, the founder body under the guidance of industrious and indefatigable efforts of mama Aisa Birungi, members of advisory com-

mittee, all the result oriented team of teachers and staff of dedicated men and women. A great and special thanks goes to the pioneer parents and pupils who chose our school. You composed a strong pillar on which a great system we all admire and cherish has been built over the years in this institution.

I am particularly grateful to the assistant director Mr. Kayinda Herbert who swamped me with various responsibilities while with him for the challenges of leading a school. I am impressed with the guidance of my directors mama Aisa Birungi and mama Hope Teopester, “naturally gifted administrators with vast experience and with visionary ideas. Ever forward

We are grateful to all our stakeholders for the support given to the great school.

“Education is the best gift a parent can give to the child” Kigumbacentre primary school is an institution for advancing good quality education that is why it is well spelt in the school’s vision and mission statement where we have endeavored to live up to it. Kigumbacentre primary school is celebrating 20 years of abundant harvest because of its tremendous achievements within a short period of time that is to say;

- .producing highly disciplined pupils
- .producing quality results in PLE

.offering bursary to good performing and needy pupils and students.

.having the most beautiful environment. Etc.

I am glad to inform our esteemed readers , parents and stake holders that the school is one of the leading schools in the country in producing academically, culturally, morally sound leaders and our humble request is that parents should give a supportive hand to their children as we try to eliminate ignorance in our good country Uganda . Ever forward

Below is a conversation between a pupil and a teacher where the pupil was sent to look for a student who was locked up in the dormitory by the class teacher.

Teacher: go and bring for me Okengo

Pupil: okay madam

Teacher: watch out am not a lady

Pupil: <comes back> I have not got him there

Teacher: heee!!!! Are you mad?

Pupil: many people say so but the scientists have not yet discovered.

FAILURE

Some times when people fail, they think that they are weak or they are incapable of passing or God has abandoned them. However, we should always remember that failure doesn't mean any of the above. It doesn't mean that you are inferior to those who pass. It rather means that you are not yet perfect and therefore you better change your grades. It doesn't mean that you will never pass anything but rather you have learnt something. So, my dear brothers and sisters, it is never too late to change. Just put God first in everything that you do then you will see things coming better. Never panic when you are doing your exams. If you fail, never say that you are useless at school. Remember that your future is like an egg that can get broken at any time. My greetings go to all pupils of Kigumbacentre primary school.

WHY HIPPO HAS NO FUR

20th
YEAR
ANNIVERSARY

Once upon a time the hippo and the fire were friends. They used to meet each other in the forest. One day the hippo asked the fire to visit him. "Thank you very much", said the fire "can I come tomorrow? That will be very nice," said the hippo. Then they went home, fire did not wake up until the middle of the morning. He got up and begun to walk to the hippos house. Suddenly, he saw a bush running away from him. "why are you running a way?", asked the fire. "You know why am

running away", answered the bush. Look the grass is running away too. The fire was very near and the bush was beginning to get very hot. "I must go", said the bush, you are hurting the little animals who live in me, you will kill them, wait for me; called the fire. I will come with you. The bush saw the fire running towards him, he tried to run but it was too late, the fire 'ate' him and he ate all little animals too. The fire went on towards the hippo's house, the hippo was in his house, waiting for his friend. He looked out of the door, he saw the fire eating the bushes

and the grass, the hippo was a afraid. When the fire saw the hippo, the fire called, "I'm coming"! The hippo went to meet his friend " come into my house", he said, The fire went in, he looked round the inside of the house. "This is a very nice house", said the fire , " I like it when they were both in the house, the fire was very near the hippo. The hippo was too hot. But he did not want to be unkind to his friend. He was afraid of the fire

but did not want to show it. So he told his friend to sit alone. "Where will I sit"? asked the fire. "on my bed", answered the hippo But the hippo's bed was made of dry grass. When the fire sat on it, he burnt it . The fire jumped on to the wall of the house soon all the house was burning. The hippo was very frightened. He tried to run away, but he was too fat, and he couldn't run fast , the poor hippo was too slow. So the fire soon caught the hippo's fur and started to burn. The hippo tried to run to the river, but he was running very slowly. All the time his fur was burning " help!" he shouted. In the end he got to the river. He jumped into the comfortable river But all the hippo's fur was gone. It never grew again at all.

“ Why do hippo's never go far from water?

Why do they have no fur?

Now you know the answer to these questions ”

WHY BABY CHICKS FOLLOW THEIR MOTHERS

There was once a hen with four baby chicks. The chicken liked to eat insects. So every day. The mother hen hunted for insects. She left the children in the house and shut the door. It was always the same song. The song. The chicks heard the song. That's our mother, they said. They opened the door and mother hen came in. A cruel crow lived near the hens house. He listened to learn the song. He tried to learn it, soon he knew the words like the mother hen. One day, mother hen went to hunt for insects. The crow came and sang the song outside the door of the hen's house. Said the oldest chick, "mother's back early today". It was raining. He so the insects very quickly after the rain. Lets open the door and see what he has got. The youngest chick ran to the door and opened it. The crow was watching from a tree. The chicks saw when there mother

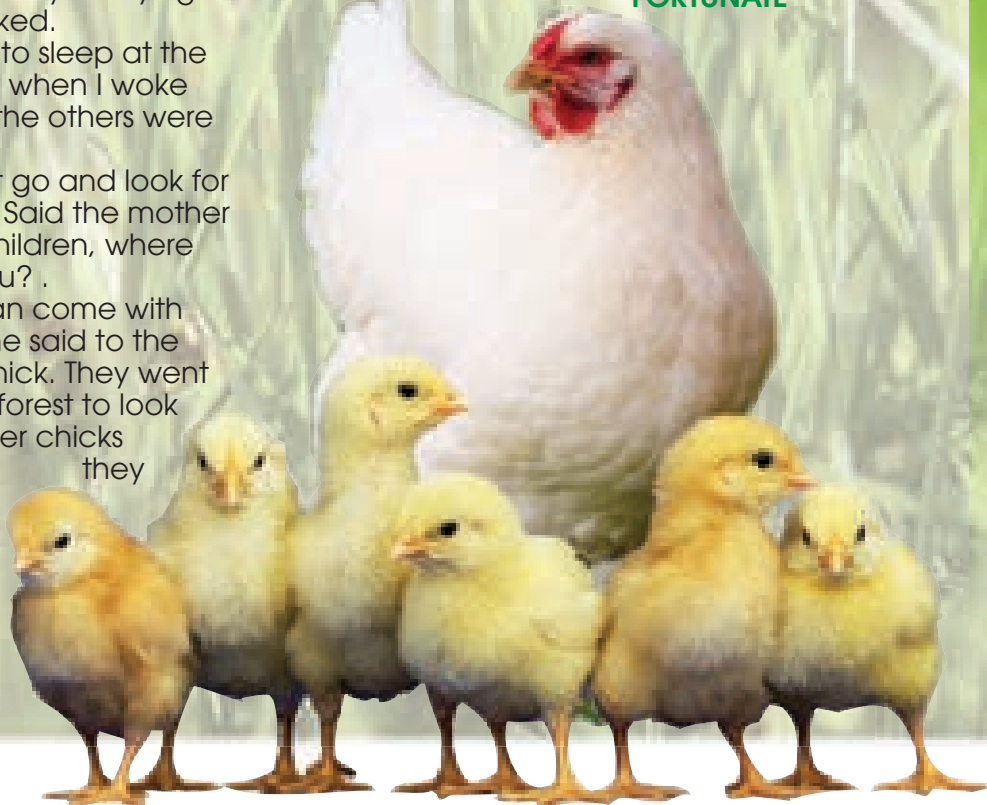

was not there. The chicks tried to shut the door but they were not quick enough. The crow took the chicks on his back and flew away. youngest chick was asleep. The crow didn't know that she was there. At last, she woke up she could not see her two brothers and sister "hello" she shouted. "Where are you"? There was no answer. She was alone and she started to cry, just then she heard the mother singing at the door, she ran to open it. Her mother saw that she was crying. "Why are you crying"? she asked. I went to sleep at the corner when I woke up all the others were gone. "I must go and look for them" Said the mother. My children, where are you? . You can come with me. She said to the little chick. They went into a forest to look for other chicks but they

couldn't find their way home. What will we do now? Soon it will be dark. Just then they met a hare. "Where are your other children"? Asked the hare. I think something bad has happened, answered the mother hen. Have shouted and shouted but they haven't come home yet, I think now they are hungry "where can they be?". I don't know. I think something bad has happened to them. Said the hare sadly.

I heard a crow talking just now. He said that he

had just eaten a big meal of baby chicks Oh! help me, solve the mother hen problem I can't bring back your chicks, said the hare. But I can teach you something, don't leave your children alone till they grow up. After that day, the mother hen always took her children with her. Soon, she had more baby chicks. She always took them with her. Have you ever watched hens with their chicks? The babies always follow their mother. Don't they?

MY FORMER SCHOOL

My name is Atim Gloria, I am ten years old. When I was in mother Lucida primary school, I was studying together with others well but time came and the school fees increased so my mother couldn't afford to pay then she sat down and thought of a school called Kigumba centre primary school so she went and told me to prepare so that we come to this school. When we reached, we found the director called madam Birungi Aisa who liked me so much that she made me feel at home. She became my best friend. Later I went to the dormitory and found a girl who also like me, she showed me the classes, latrines, bathroom and many others. We told stories and went for supper

Faridah joined bad peer groups that used to ask for money from sugar daddies. They drank and danced at night when people were asleep. Faridah was a beautiful girl that most men liked. But one day when

she was walking by, she heard a voice say, "hello Faridah come here my dear." It was Mr. Tabu, the richest man in Buyaya village. He was about sixty years of age and he was fat and ugly. Mr. Tabu was very kind to Faridah. When she passed his shop, he could call her in and give her presents. Mr. Tabu come closer to Faridha and he whispered in her ear "I could help you with money" my dear come to my shop tonight and we can talk about it. Faridah did not mind of what Mr. Tabu was suggesting and she went to him the following night. One evening when she wanted more money, she went to the shop and Mr. Tabu told her to go away. Faridah went back to her friends Acoyo, Pamela, Adong, Elizabeth and Gandde and told them what had happened to her. Then two months later, she missed several more periods again, she got really worried and the friends chased her away. She decided to go at her aunt Atimakus place, and she was welcomed

and later she gave birth to a baby boy but after one year, her aunts husband decided to chase her away and there was no one to take care of her and her baby. She decided to go to her parents home and ask for forgiveness and she was forgiven. She promised to go back to school and study for a bright future. So dear girls, I advise you to work hard and study for a bright future. Say no to sex and avoid bad peer groups. For all those who engage you in such acts, report them. I like Kigumba Center Primary School because they always advise girls to respect their parents and not to misbehave.

"Children, obey your parents in the lord for this is the right thing to do"

THE LAZY CHILD

When the time for waking up comes, his complaint is; "when will the night come again so that I can go back to my sleep?" When the bell for morning prep goes, for him it is the bell for the extension of his sleep. He will sleep the whole prep time. When he finds breakfast not ready, he will back at the cooks angrily as if he is the supervisor. When the bell for morning classes goes, his complaint is, "who brought education to Uganda?" when the teacher enters the class, his face turns gloomy and he

begins to say, "oh God!" this man cannot even miss a lesson, has he been chased away from his bed? When the teacher asks whether he can give an exercise, the loudest no comes from him. When the time for break comes, he will take the initiative to remind the time keeper to go and ring the bell. When the teacher delays in class, he will start coughing in the funniest way and throwing small stones to the teacher. When the teacher goes out, he will happily run to the canteen to buy eats. When the bell for classes rings again, he will complain blaming the time keeper for ringing the bell as if he knows not

that they got out of the class late. When the teacher comes to the class, or moves with a stick, he will say; "this guy was meant to be a soldier not a teacher." When the time for prep comes, he will carry magazines with him so that he can sing each and every song of the biggest artistes he knows. When the time for sleeping comes, he will make noise instead of sleeping but when it comes to waking up, he will again say, "When will I leave school?"

A JOKE

Boy told to pray before eating dinner;

I want to pray for my father, next I want to pray that God provides clothes to the naked girls in daddy's laptop and I want to pray that God forgives the men who come to daddy's bedroom with mummy when daddy is not around. And I want to pray that I become number one in class so that daddy should buy for me a laptop and I see if the girls in daddy's laptop are putting on clothes. In Jesus' name I pray, Amen

My name is Woropio Marilyn. I am in p.5 West. I am 11 years old. I stay in Juba. Last year there was a civil war in my home country. So, my father decided to look for a school in Juba. My father, brother and I decided to travel to kiryandongo where we found a school called Kigumba centre primary school. Compound was green and beautiful. We went to the office where we found the director, who got us admitted in primary three. My best friend in my new school was Alwak Lora.

POEM

(TRAP AND TRICK)

Oh sugar Daddy! Oh sugar Daddy!
Oh sugar Mummy! Oh sugar Mummy!
Oh my mummy's age mate.
What do you want from me?
I know exactly.
What you want from me!
My science teacher has advised me

Neither will I ride in your car.
Nor will I eat your free lunch
What do you want from me
Neither will I take your money
Nor your beautiful dress
Nor any offer
You have set a trap for me
But I will not fall into it
For I agree with you, I will get AIDS
What does this poem teach you?

SCOUTING & GUIDING CLUB

Scouting is an activity that boys and girls take part in. scouting is just a voluntary work that is to say is an organization that gives a helping hand. In scouting, you are supposed to be kind and helpful.

It is just like the redcross society. As a scout, you are supposed to have the following things. Among others include; a rope, a stick and many others.

In our school, scouts are to help parents to carry their luggage on important days like visitation day. The scouts' motto is;

“BE PREPARED”

If you want to qualify to become a scout member, you are to be kind and helpful. Scouts in our school go for camping once a year. Camping in simple terms is living in a tent. If you are going for camping, you are to be active and careful because it is where serious training is done. Dear my fellow pupils, I voluntarily request you to join our scouting and guiding club.

KCPS My Lovely School

Starts here School days for me were very hard Whether it rained or not I had to go to school Very early in the morning at 7:00 am Hunger and canes were my daily friends Bending all the times for canes gave me More wounds on my buttocks At school, I had no time to relax or waste I had to learn mathematics, English, science and social studies because there was no option, Moments of peace were only during break, lunch and evening break when I could go out to eat something and drink water The journey home was also not peaceful had to turn and run home all the ways to go and fetch water, wash dishes and prepare supper after a long suffering with the bitter roots of education I completed my primary seven successfully and I had Reasons to rejoice about it

Why do girls a have water in their vagina?

Hello young girls. That water is also called vaginal discharge. It has several purposes. Like cleaning and moistening the vagina and

helping to prevent and fight infections. Normal Vaginal Fluids are clear or whitish in colour. The following may indicate a problem.

- * Bad smell
- * Change in colour (like greenish grayish
- * Looking like yoghurt or spoilt milk

- * Vaginal itching, burning, swelling or aridness
 - * Vaginal bleeding that is not a menstrual period
 - * If you notice any changes in your vaginal discharge.

HISTORY OF BURUNDI COUP

Birundi, a country of 10 million people, was founded a kingdom in 15005, but has been characterized by coup and assassinations of its leaders since it declared independent.

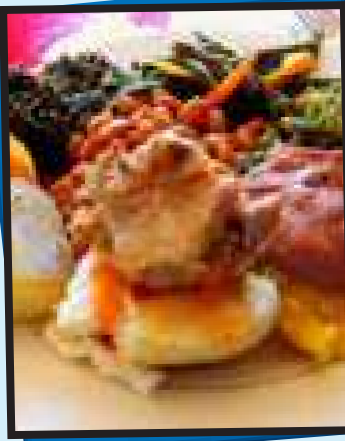

In 1890 German East Africa Company incorporated the kingdoms of Urundi and Rwanda in their colonial exploitation plans. But Belgans occupied the area in 1916. On its path to in-

dependence, prince Louis Rwaqaso won the legislative elections in 1961, but was assassinated shortly afterwards. In 1962,urundi broke off from Rwada, becoming an independent kingdom under king mwambutsaIv. The following years, ethnic violence among hutu and tutsi forced thousands of hutus to flee to Rwanda. Army chief Michel micombero attempted an unsuccessful coup against mwambutsa. it was, however, the kings son ntare who de-

posed him in July 1966. micombero would return to out ntare, and declared himself president. micombero was also overthrown by jean Baptist bagaza in a military coup in 1967 and buyoyo spear headed a new constitutional order providing for a multiparty system that was adopted in a referendum in 1992.

MOVING AT NIGHT

Children I am advising you to stop at night. If you move at night the following will happen There we have two things will happen we have sugar mummies and sugar daddies. If you are a girl you will be raped by sugar daddies If you are a boy you will be

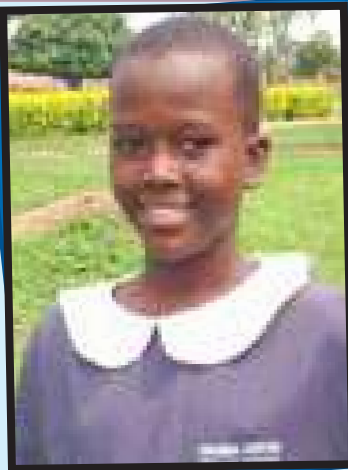

attacked by sugar mummies They will force you to marry them and sleep with them. After sleeping with them you will be affected with HIV / AIDS. Girls and boys i am stopping you form moving at night. There are people looking for richness by cutting off our heads.

They will pour for you colofom and you will disappear and they will do whatever they want from you. And they will force you to marry them or marry their sons or daughters. Children don't go away from school because education is the only way to success.

HIRE & DISCO DANCE

Once upon a time, Hare lived in a big village in which he was a very important person. One day he decided to organize a disco dance. Only important people could organize such a dance. He invited people from the neighbor village to the dance. There was to be competition between the different village. Hundreds and hundreds of people came to

attend the dance. Each group had to dance in turns. The first group was composed of people from the lake. They called themselves the lake stars. Chief frog was their song as follows
Let us go to hares dance
Ko-ro-ro-ko
We are the people from the lake
Ko-ro-ro-ko

We are the people from the water
Ko-ro-ro-ko
Everyone danced up and down to the right, and round and round in circles. All of them were dressed in nice clothes with beautiful head gears They were dressed in shorts, skirts, vests and shirts in all the rainbow.

The Word Of Wisdom

More Stories,
Poems & Jokes

Today my sisters and brothers, am welcoming you back from home. Education is the most important thing in this world.

So I pray you should concentrate on your studies, and try to show how useful Education is, to pupils and parents. Those who never went to school, I advise you to go to schools like Kigumba Center Primary School & tell all your friends that knowledge is power, Today, education is second after our parents.

Our parents will grow old, so after education, we are the ones to look after them. When I was

young, I never knew how nice and sweet education is, but now that i know it, don't waste time roaming around, when it's time for reading books. So we should make sure that we advise our young sisters and brothers to go to school.

The root is bitter but the fruit is sweet

My dear parents send your children to Kigumba center primary school. You may delay but time will not. Then you will start blaming children that they hate school but it is may be your fault. Once you don't send

your children to KCPS, that child is going to become unruly. So, I am advising you dear parents to take

your children to KCPS. As young as four years. Make your children always to be at home at 4:00pm. If you want your children to enjoy life. Don't make them walk at night. So take this advise as an important thing in your life. Thank you very much. May God bless you all.

MY WISE WORDS ARE.....

- * The winner always has a program
- * The loser always has an excuse
- * Success is the maximum
- * Utilization of the ability that you have
- * Big lessons of life are to learn from little mistakes
- * Asking for help is a strength not a weakness
- * The positive mind has extra problems solving power
- * Try out your ideas by visualizing them in action
- * Success is not a matter of change but of choice
- * Worry is misuse of imagination
- * Take time to laugh, it's the music of the soul
- * Take time to play, it's the secret of staying young
- * It's better to have an idea than to have a thousand opinions
- * A man without a purpose is like a ship without a radder
- * Praise all loudly and blame all softly
- * The price of greatness is responsibility
- * Who excuses himself accuses himself
- * Don't wait for your ship to come in swim out to it
- * Goals and actions must meet
- * Take time to love and be loved for it is the greatest gift
- * If you would thoroughly know any thing teach it to others
- * My motto "do not stop until you are proud"
